Education

- | | |
|---|------------------|
| El Colegio de México (Colmex)
<i>MPhil in Economics</i> . GPA: 9.1/10. <ul style="list-style-type: none">◦ Admitted as one of 15 students from a pool of more than 300 applicants.◦ Coursework: Macroeconomics I–III, Applied Economics, Econometrics. | <i>2024–2026</i> |
| Universidad Nacional Autónoma de México (UNAM)
<i>B.Sc. in Economics</i> . GPA: 9.88/10. <ul style="list-style-type: none">◦ Ranked 2nd of a cohort of more than 1,000 students. | <i>2019–2022</i> |

Publications and Working Papers

Independent research

- | | |
|---|-------------|
| Output Gap and the Financial Cycle: A Bayesian Finance-Neutral Estimation with Fiscal, Monetary, and Macroprudential Applications for Mexico, 1980–2025
<i>MPhil thesis, El Colegio de México. Advisor: G. Esquivel.</i> | <i>2026</i> |
| Distributive Effects of Recent Economic Crises in Mexico: A DiNardo-Fortin-Lemieux Decomposition of Growth Incidence Curves
<i>Working paper. Awarded Second Place, Premio Ifigenia Martínez, Faculty of Economics, UNAM.</i> | <i>2025</i> |
| The Modern Lender of Last Resort: An Analysis of the Evolving Role of Central Banks as Liquidity Providers in Times of Crisis
<i>B.Sc. thesis (Honorable Mention), UNAM. Advisor: C. Panico.</i> | <i>2024</i> |

Coauthored book chapters

- | | |
|--|-------------|
| Banco de México in the Postwar Era: A Decade of Successive Adjustments (1945–1954)
<i>Book chapter in Cien años del Banco de México: una breve historia (UNAM's academic volume for the Central Bank of Mexico's centennial); with G. Esquivel. Editorial concept pairs each senior scholar with a next-generation researcher.</i> | <i>2025</i> |
| A Qualitative Approach to Household Memories and Social Mobility during the 1994–1995 Mexican Crisis
<i>Book chapter, CEEY collective volume; with A. Krozer, R. Vélez-Grajales, and R. Campos-Vázquez.</i> | <i>2025</i> |

Research Experience

- | | |
|---|---------------------|
| Banco de México
<i>Research Economist</i> <ul style="list-style-type: none">◦ Macroprudential Policy Division (2023–2024; 2026–present): Empirical and analytical work on financial stability regulation, drawing on domestic financial data and international regulatory sources; activities include D-SIB and TLAC assessment, Basel III implementation, coauthored contributions to the semi-annual Financial Stability Report, and materials for cross-institutional engagement with the BIS and peer central banks.
<i>Relevant project:</i> Coauthored a joint Banxico–BIS survey mapping Emergency Liquidity Assistance (ELA) frameworks across central banks.◦ Office of Deputy Governor Gerardo Esquivel (2022–2023): Prepared weekly analytical notes and Board-level briefings synthesizing international central bank communications during the 2022–2023 tightening cycle; findings cited in the Deputy Governor's public rate-decision justifications.
<i>Relevant project:</i> Reconstructed Banco de México's institutional response to the 1982 debt crisis through | <i>2022–Present</i> |
|---|---------------------|

archival analysis of internal meeting minutes.

Centro de Estudios Espinosa Yglesias (CEEY)

2025–2026

External Consultant — 1994 Crisis Commemoration Project

- Coordinated a 15-member team of former policymakers and academic senior researchers at CEEY (independent economic policy think tank), led by Raymundo Campos-Vázquez (COLMEX), producing a collective volume of analysis, lessons, and insights on the 30th anniversary of the 1994–1995 financial crisis.
- Designed the qualitative research instrument, supervised the external fieldwork firm, and coauthored the closing chapter on household memory and social mobility.

Teaching Experience

El Colegio de México (Colmex)

2025–2026

Teaching Assistant — Macroeconomics I (graduate level)

- Led weekly complementary laboratory sessions (scheduled separately from the main course) for a master's cohort of 20 students; designed all supporting materials.

Universidad Nacional Autónoma de México (UNAM)

2022–Present

Head Teaching Assistant — Macroeconomics I–II, Monetary Theory, and Monetary Policy

- Cover the undergraduate Macroeconomics (I–II) and Monetary Economics (Theory, Policy) sequences with approximately 45 students per semester; deliver primary lectures on delegated units during regular class meetings; design all teaching materials and supervise multiple junior teaching assistants.
- Hold regular office hours, including informal advising for current and former students.

Fellowships, Awards, and Honors

- **Fulbright–García Robles Fellowship** (2026) — One of 7 Mexican awardees nationally, selected for doctoral studies in the United States. Jointly funded by the Government of Mexico and the U.S. Department of State.
- **First Place, Reto Banxico** (2021) — Mexico's flagship undergraduate monetary economics competition (Banco de México, 400+ competing teams). Built DSGE, VAR, and ARIMA models to defend the team's monetary policy recommendations.
- **Second Place, Premio Ifigenia Martínez, Faculty of Economics' Senior economics research category** (2025) — Research paper prize on inequality.
- **Graduate Scholarship, CONAHCYT** (2024–2026) — Full graduate stipend awarded by the Secretariat of Science, Humanities, Technology, and Innovation.
- **Study Abroad Scholarship, UNAM-DGECI and SEP** (2021) — Competitive award funding a semester as a visiting student at Freie Universität Berlin, Germany; granted by UNAM's Office of International Cooperation and Mexico's Ministry of Public Education.
- **Undergraduate Merit Scholarship, FEMSA** (2019–2022) — Awarded by the FEMSA Foundation for sustained academic excellence throughout undergraduate studies.
- **Certificate of Academic Achievement, UNAM** (2019–2022) — Awarded annually for ranking among the top 3 students in my cohort.

Presentations

Banco de México 100th Anniversary Conference

2025

Institute of Economic Research, UNAM

Women in Economics Seminar

2024

UNAM

Academic Service

- **Examiner (Sinodal), Undergraduate Thesis Defense** (2026) — Faculty of Economics, UNAM. Reviewed thesis manuscript, participated in the defense session, and voted on candidacy for the degree.
- **Referee, Premio Banamex de Economía** (2026) — Undergraduate thesis category. National undergraduate thesis prize; evaluated submissions on research quality, methodological soundness, and relevance of findings.

Selected Additional Training

- **Crisis Resolution and Restructuring** (2026) — IMF and Instituto de Banca Central del Paraguay; Asunción, Paraguay.
- **Financial Stability** (2026) — CEMLA and Banco de España; online.
- **Macroeconometrics** (forthcoming, 2027) — Barcelona School of Economics.

Skills and Languages

Software: R, Stata, Matlab, EViews, LaTeX, QGIS.

Empirical methods: Time-series and macroeconometrics (VAR, state-space and unobserved-components models, Kalman filter, Bayesian estimation); panel data.

Languages: Spanish (native), English (fluent), German (intermediate), French (basic).
